

## Memorandum

**To:** CCO Behavioral Health Directors,  
Wraparound Program Supervisors

**From:** Chelsea Holcomb, LCSW

**Date:** May 26<sup>th</sup> 2022

**Subject:** Statewide launch of The Oregon Wraparound CANS database

---

The Oregon Health Authority (OHA) is pleased to announce the July 1<sup>st</sup>, 2022, statewide launch of the Child and Adolescent Needs and Strengths (CANS) database.

### Why is this happening?

The CANS database is hosted through REDCap and supported by the DAETA team at Oregon Health and Science University. The database has been beta tested and the current pilot will end in June 2022. OHA requests that all Wraparound programs attend one of two trainings being offered by July 1<sup>st</sup>. Wraparound programs will be provided with training on how to use the Redcap database. Wraparound program supervisors and Wraparound Data partners are the target audience.

OHA requests that by the end of July 2022, all Wraparound programs are using the CANS database for all new CANS assessments. There is an option to upload past CANS assessment in bulk by using an excel spreadsheet if programs are interested.

Technical assistance on the CANS database will be supported by OHSU's DAETA team:  
[wrapinfo@ohsu.edu](mailto:wrapinfo@ohsu.edu)

The System of Care Institute will continue to provide technical assistance and training on CANS implementation within the Wraparound process: [orwrap@pdx.edu](mailto:orwrap@pdx.edu)

Please email [nat.jacobs@dhs.oha.state.or.us](mailto:nat.jacobs@dhs.oha.state.or.us) with any questions related to OARs and compliance.
